President's Message

Elliot Wagner

Noteworthy events:

- Tuesday, August 23rd at 7 pm the St. Petersburg International Folk Festival Society, SPIFFS will hold a general assembly meeting in our main hall. We will provide refreshments. We have one voting delegate at this meeting but interested members of our club are welcome to come and observe.
- Wednesday, August 24th from 5-7 pm, the club will host a mixer for the Pinellas Park Chamber of Commerce. Members are invited to socialize with local business people and promote our club.
- Don't forget the Labor Day picnic (noon, Monday Sept. 6th). Free for members, and we'll enjoy live music of **John Matuzalem**, singing, dancing and recognition of our volunteers. The club will provide hamburgers, hot dogs, soft drinks, brats and beer, coffee and all the trimmings. Members typically bring a salad,

side dish or a desert to share.

Come for the fun, good times, good food and drink with friends and fellow members. Show your support for the people who make this club possible.

In the humidity and midday heat of an August sun, **Joe McKinley** and **Otto Noeding** labored to seal cracks on the concrete dance floor, which will be under our big tent. They then applied 3 coats of paint. And while the paint dried, they replaced one of our flag poles, which had rusted through and was taken down by the wind.

The air handler in the Bier Stube has been replaced. Another unforeseen expense.

Be careful and observant of changes in our parking lot. You'll notice some additional parking spaces have been added for the Oktoberfest and the driveway between the back hall and the storage shed is closed.

Also make note of the changes on Page 7 to our member directory and our new website address is WWW.GERMANPINELLAS.COM.

Oktoberfest 2010

In less than 2 months it'll be here, starting Fri., Sept. 24th and for three weekends. This 200 year old wedding celebration will be the biggest and best Oktoberfest our club has ever held. Our tent will be twice the size from last year and will seat over 300 people at tables.

We'll share this truly Bavarian tradition with the people of Tampa Bay. It is the best chance for

visitors to our festival to enjoy a German tradition that dates back to 1810. Seven million people travel to Munich for this experience and in north America 1.5 million go to the Kitchener, Ontario event and another half a million visit Cincinnati, Ohio's Oktoberfest.

For our club it is a crucial fund raiser. The addition this year of a third weekend offers us a chance for addition funds sorely needed by our club and offers some measure of protection from a possible rained out weekend, which almost happened last year. With hard work and the blessings of God the German American Society of Pinellas county will have another enjoyable, educational and successful Oktoberfest.

The city of Pinellas Park is inserting 18,000 flyers announcing our event in the water bill. I invite each of you to join me in making 2010 the best Oktoberfest even better.

As I've said previously, success does not happen by itself. We need people to promote the event and solicit sponsors. Every Thurs. evening at 6 pm we have a planning meeting, open to everyone, to discuss the progress and what remains to be done. Please contact me at

Sunshine Lady

Ilse Kearney

Hello Members and Friends,

Summer is here and vacations for so many have started. We also had several members not only ill, but in the hospital. Elizabeth Selleck gave us a scare. She was in the hospital because her heart did not want to tick the way it should. Also that goes for Helen Sverak. Luckily Elizabeth does not need an operation yet, but Helen did. Both of our ladies are now at home resting and getting well. So we can see them in a short time again dancing their legs off at the club.

Horst Buller took a step back again, but with treatments and a different medicine he is feeling somewhat better. Also, Wendel and Elizabeth Hellebrand said hello from the beautiful beach of Anna Maria Island. I talked with Wendel and was informed that Elizabeth is stable and doing well.

Elizabeth Garrett is bouncing back and forth from home to rehab-centers. She is doing all right and

surely will come to the club in the near future. And there is Karl Klenner, he was in the hospital for just an overnight. Good thing! The doctors could not find exactly what is or what was wrong with him. Plus Karl needed to be home in order to watch the soccer world cup and to come to the club. All of you please keep the spirit.

Special greetings are going out to our three members: Gertrude Göbel, Casimir Ziarko and Paula K. Our most sincere get-well wishes to all of you

Nearly Half a Century Ago, Construction Began on Berlin Wall

Around 2.7 million people left the GDR and East Berlin between 1949 and 1961, causing increasing difficulties for the leadership of the East German communist party, the SED. Around half of this steady stream of refugees were young people under the age of 25. Roughly half a million people crossed the sector borders in Berlin each day in both directions, enabling them to compare living conditions on both sides. In 1960 alone, around 200,000 people made a permanent move to the West. The GDR was on the brink of social and economic collapse.

As late as June 15, 1961, GDR head of state Walter Ulbricht declared that no one had any intention of building a wall. On August 12, 1961, the GDR Council of Ministers announced that "in order to put a stop to the hostile activity of West Germany's and West Berlin's revanchist and militaristic forces, border controls of the kind generally found in every sovereign state will be set up at the border of the German Democratic Republic, including the border to the western sectors of Greater Berlin." What the Council did not say was that this measure was directed primarily against the GDR's own population, which would no longer be permitted to cross the border.

In the early morning hours of August 13, 1961, temporary barriers were put up at the border separating the Soviet sector from West Berlin, and the asphalt and cobblestones on the connecting roads were ripped up. Police and transport police units, along with members of "workers' militias," stood guard and turned away all traffic at the sector boundaries. The SED leadership's choice of a Sunday during the summer holiday season for its operation was probably no coincidence.

Over the next few days and weeks, the coils of barbed wire strung along the border to West Berlin were replaced by a wall of concrete slabs and hollow blocks. This was built by

East Berlin construction workers under the close scrutiny of GDR border guards.

Houses on, for instance, Bernauer Strasse, where the sidewalks belonged to the Wedding borough (West Berlin) and the southern row of houses to Mitte (East Berlin), were quickly integrated into the border fortifications: the GDR government had the front entrances and ground floor windows bricked up. Residents could get to their apartments only via the courtyard, which was in East Berlin. Many people were evicted from their homes already in 1961 – not only in Bernauer Strasse, but also in other border areas.

From one day to the next, the Wall separated streets, squares, and neighborhoods from each other and

severed public transportation links. On the evening of August 13, Governing Mayor Willy Brandt said in a speech to the House of Representatives: "The Berlin Senate publicly condemns the illegal and inhuman measures being taken by those who are dividing Germany, oppressing East Berlin, and threatening West Berlin...."

On 25 October 1961, American and Soviet tanks faced off against each other at the Friedrichstrasse border crossing used by foreign nationals (Checkpoint Charlie), because GDR border guards had attempted to check the identification of representatives of the Western Allies as they entered the Soviet sector. In the American view, the Allied right to move freely throughout all of Berlin had been violated. For sixteen hours, the two nuclear powers confronted each other from a distance of just a few meters, and the people of that era felt the imminent threat of war. The next day, both sides withdrew. Thanks to a diplomatic initiative by America's President Kennedy, the head of the Soviet government and communist

party, Nikita Khrushchev, had confirmed the four-power status of all of Berlin, at least for now.

In the years to come, the barriers were modified, reinforced, and further expanded, and the system of controls at the border was perfected. The Wall running through the city center, which separated East and West Berlin from one another, was 26.8 miles long. The border fortifications separating West Berlin from the rest of the GDR were 69.5 miles long. Well over 100,000 citizens of the GDR tried to escape across the inner-German border or the Berlin Wall between 1961 and 1988. More than 600 of them were shot and killed by GDR border guards or died in other ways during their escape attempt. At least 136 people died at the Berlin Wall alone between 1961 and 1989.

elliott@elliottwagner.com or call 727 548-5234. I need your help. It is our biggest and most important fund raiser. Volunteer **now!**

Admission of \$6 is unchanged from last year. And we are offering individual discount coupons and group discounts. We will reserve seats for groups of 10 people or more and groups of 20 or more get a reserved seat for \$5 prepaid. Last year we had one group reserve over 70 seats.

Please help us organize groups visitors to our Oktoberfest. The group may benefit from a lower entry price and get preferred seating. Think about your employer, if you are working or an organization to which you belong (condo or neighborhood association, school, social club, dance group, etc.).

Also, start asking for donations for our raffle from people you do business with (doctors, dentists, restaurants, garages, dealerships, anything is welcome). And ask if you can put up a poster and leave flyers announcing our event. Our Oktoberfest is 6 nights and is the most authentic in Tampa Bay. No other Oktoberfest is presented by German or comes close to having the atmosphere that we offer. The competition just use Oktoberfest as an opportunity for another carnival or fair.

SPIFFS REPORT

SPIFFS Plans November Folk Fair in Connection with the 100th Anniversary of St. Petersburg's Waterfront Parks

SPIFFS has decided to have its Thirty-Sixth Annual SPIFFS Folk Fair in the Vinoy Park on November 6, as a part of the special celebration of the 100th anniversary of St. Petersburg's waterfront parks.

On November 3rd, 4th, and 5th the Folk Fair will be open for students from Tampa Bay area schools.

The Folk Fair has been staged on or near the waterfront of Tampa Bay for most of its history, first in the Bayfront Center and more recently at Vinoy Park and Albert Whitted Park, so it makes sense to participate in this special anniversary celebration
